Meet *Rodrigo*, an e-commerce brand owner looking to expand their sales channels who is doing some SEO but does not understand why he is not being recommended by AI.

THE PROBLEM

71%

of B2B buyers now rely on AI chatbots for software research.

4.4x

conversion rate of LLM-referred traffic vs. organic.

527%

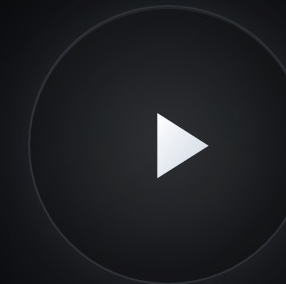

YoY growth in AI search referrals.

Blog Creator & Publisher + Smart Lead Attribution agents.

We're going after *Profound*.

Profound is the category leader in AI search analytics, and they ship Demand Gen, Brand, and Content agents. They tell you who's being mentioned and they generate content. **Their agents stop at content.** Clarity Search AI connects the loop: AI discovery to lead to revenue, end to end.

OUR OWN PLAYBOOK

We rank ourselves in AI

- We run Clarity Search AI on ourselves — inbound from the exact AI engines we sell.
- Prospects find us the way we promise to make them found. Living proof it works.

OUTBOUND

LinkedIn + cold email

- LinkedIn cold sequence: connection plus three follow-ups, founder-to-founder voice.
- 50+ potential customers contacted **daily**.

COMMUNITY

In-person + founder sales

- Founder-led in-person events. Our first paying customer came from a Raleigh founder meetup.
- Founder-led sales calls. No SDRs. No closers.

BY THE NUMBERS

Today's pace

50+ potential customers contacted / **day**.

5+ demos scheduled / **week** for the top plan.

5+ conversions / **month** expected for the top plan.

25+ signups / **month** with no human sales involved.

Stop measuring AI visibility. Start *getting leads* from AI.

V2 is the **autonomous AI agent team** that runs your AEO end to end.

Your only ongoing job is reading a weekly digest of what your AI team did, how many leads it made you and how much money it made you or is now in sales pipeline.
